NATIONAL PRESS BUILDING • WASHINGTON 4, D.C.

Dear Reader:

*F:*  
Regular members of the Contemporary Affairs Society this month received **THE WINDS OF FREEDOM** by Secretary of State Dean Rusk as a bonus book. It is one of the high-quality bonus books that are frequently available to C.A.S. members.

But if you are not a member of C.A.S. and would like to have this important new volume we are offering the hard-cover edition which regularly sells for \$4.95 at a special introductory price of one dollar (\$1.00)--if you agree to buy two more books from the enclosed list of our current selections and alternates.

What is C.A.S.? Perhaps you have not heard of us, or perhaps you once intended to join but neglected to do so.

The Contemporary Affairs Society, now in its third year, was established to alert busy, intelligent people to important books that, for one reason or another, they might miss.

It is not like other book clubs. You do not have to buy any specific number of books each year; after your initial purchase you may buy as many or as few books as you want. Bonus books are given for every four hard-cover books after your first order.

If you join now and choose **THE WINDS OF FREEDOM**, at this special introductory price, you will receive without charge for the next year our publication "Contemporary Affairs", advising you of the important new books selected by our distinguished Board of Judges.

If you wish the monthly selection there is nothing you need do; it will be sent automatically and you will be billed for it. If you do not want it, or would rather have some other book, or no book, you advise us by the 14th of each month. That is your only obligation.

As you will see from the titles listed, C.A.S. is not a "catch-all" book club. Ours is a selective membership concerned with the central issues of our times.

We should like to welcome you to membership. Please fill out the enclosed coupon and return it to us in the postage-free envelope.

We hope you will join us.

Sincerely yours,

*Allan Peterson*
